Regarding: **Cross Walks La Riviera Drive at  
West-Mediterranean Way and Stream View Way**

For a number of years our Neighborhood Association and individual community members have been requesting crosswalks along La Riviera at the west exit/entrance to Mediterranean Way (Photo IMG3972) and Stream View Way (Photo IMG 3974) similar to that provided at Lido Circle (Photo IMG 3968) and Mediterranean Way/Grand Rio Circle (Photo IMG 3973) both also off of La Riviera Drive. California State University at Sacramento supports approximately 28,000 students a semester many of which use La Riviera on a regular basis. In addition La Riviera receives a significant number of vehicles exiting Watt Avenue to enter the east segment of the city. The volume of traffic that results from the University and Watt Avenue present our neighborhood pedestrians and drivers wanting to enter and exit La Riviera at these two intersections with challenges and risks that could be reduced by the addition of a few signs, some crosswalks, and street legends similar to that provided at the Lido Circle (Photo IMG3968) and Mediterranean Way/Grand Rio Circle (Photo IMG3973).

We believe that the safety of our residents both as pedestrians and drivers should be a priority for the City and these requests should be reviewed and implemented as soon as possible.
