July - September 2020

2020 Family Night Out Cancelled

The College-Glen Family Night Out has been cancelled due to safety concerns related to the COVID-19 pandemic. A very special "Thank you!" to Councilmember Eric Guerra for working passionately and creatively with us to reimagine the CGNA Family Night Out event during this time of social distancing. However, after a comprehensive review of the risks associated with hosting the event, it was clear we could not gather safely and withdrew our event permit request.

The goal of our Family Night Out event has always been to enhance the relationship between neighbors and the members of our public safety community. We have consistently had participation from the Sacramento Fire Department, Sacramento County Probation, SWAT, and the Sacramento Police Department including patrol cars and motorcycles, mounted police, and K9 patrol. This event gave neighbors an opportunity not only to socialize with their public safety officers but to climb into the seat of a fire truck or squad car, balance on a motorcycle, learn about the role of the mounted patrol, and see the friendly side of many police dogs. Social interaction was a key element; neighbors laughing with each other; the CGNA providing hotdogs, drinks, and cake; our CGNA business sponsors sharing information and treats; volunteers painting faces and crafting balloon animals for kids of all ages; Raley's outfitting a cookie decorating station three tables long; the Crocker Art Museum engaging visitors in magical crafts; volunteers from Albert Einstein Middle School and Rosemont High School helping set-up in the morning and handing out glow sticks in the afternoon, and local elected representatives bending ears with residents and helping pass out cake.

All of this set to a foot tapping sound track that grew into a patriotic celebration featuring the presentation of colors by the neighborhood Girl and Boy Scout Troops, a live rendition of the National Anthem performed by Ben Billeci, and a pyrotechnic celebration provided by TNT/ Red Devil Fireworks.

We considered all the personal interaction and activities visitors have come to expect and enjoy and realized that with the current coronavirus public health concern, it just is not safe and responsible for CGNA to put on the Family Night Out this year. We look forward to bringing this event back to Olivet and Hastings Courts in the future!

TNT/Red Devil Fireworks Celebrates 100 Years

The TNT/Red Devil Fireworks have been providing safe and sane fireworks for family fun and celebrations since 1920. American Promotional Events Inc. West, the local distributor for TNT, has been providing the fireworks for our National Family Night Out since 2005. The offer was in place for 2020 and our order was filed. We had seven new items to add to show: TNT Torch, Sparkle Berry, Toxic Barrel, Centennial Fountain, Jungle Flower, Living the Dream and Centennial Fountain XL to combine with many of our other favorites like Killer Bee, Purple Rain, Delirium and Opening Show. Unfortunately, gatherings with more than 10 guests within the County of Sacramento continue to be prohibited by the Sacramento County Health Department. Our National Family Night Out, like most other fireworks shows, have been suspended for 2020. However, the TNT Red Devil stands will be open from June 28th thru July 4th. TNT wants everyone to enjoy their fireworks and to be safe.

Congratulations to Bancroft Students!

By Lorena Carrillo, Principal

As the 2019-2020 school year came to an end with distance learning, we had to be innovative on how to celebrate our kindergarteners and sixth graders who were promoting. Usually, we have a Fashion Show for our kindergarteners to dress up as what they want to be when they grow up. However, because of COVID-19, a video was made of each child with them dressing up and describing what they wanted to be which was shared with each family. In hindsight, this created a wonderful memory that can be kept for years to come.

Instead of the traditional sit-down ceremony with speeches and music, our promotion for sixth graders also looked different this year. Parents, students and families were greeted with a huge balloon arch and congratulatory, inspirational signs in our parking lot for a drive-thru farewell! The staff came out to cheer each student as they received their promotion certificate. It was a festive event which everyone seemed to enjoy. There was also a video made to celebrate each student in which described what they will miss most about Bancroft and their plans for the future. You can view the 6th grade promotion video, along with the kindergarten video, on our website at Hbancroft.scusd.edu.

Pre-School Drive Up Promotion

For the past 22 years Ms. Paula has been working with parents, helping their pre-school child with socialization, balance, and hands on coordination skills. The COVID-19 pandemic changed that experience a little but not the program goals. This year, the inability to have an on-stage promotion at Thomas Jefferson required Ms. Paula, the parents, and the students to learn the valuable skill of flexibility. It was necessary to find a replacement for the on stage, sing along with family, a certificate with the child's name in big print and a gift to take home at the end of the program. Ms. Paula and the parents settled on a drive through promotion at the school where each child received a promotion cap, a gift, and their big certificate with their name in big print. And best of all it all came from Ms. Paula!

For those interested in a pre-school class for their child this Fall 2020 semester, Ms. Paula is taking registration and deposits for all three of her programs. The Monday through Thursday morning preschool program (8:30am-11:15am) for 3 and 4-year old's has a monthly tuition of \$185. The Monday through Friday afternoon preschool program (12:00pm -2:45pm) for 3 and 4-year old's has a monthly tuition of \$225 a month. The toddler program meets on Friday mornings (8:30am to 11:15am) and is open for 2-year old's with a monthly tuition of \$80. For registration and more information please call Ms. Paula at 916-247-3335. A \$50 deposit is required to place a hold on a spot until September when school begins. All classes have a parent participation component. Each parent/ grandparent works in the classroom one day a week in the preschool classes. During the Friday toddler program a parent/grandparent must be with the child at all times.

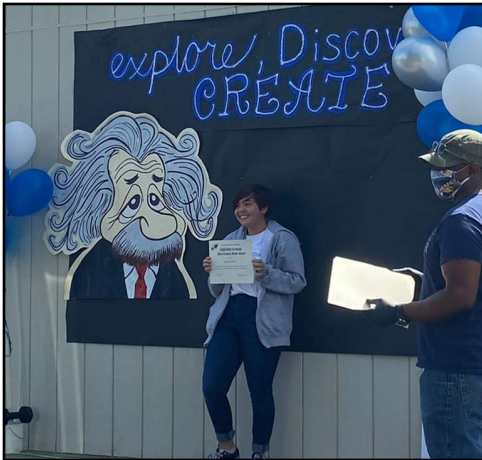

Einstein Middle School Celebrates Resilient 8th Grade Students

By Tarik McFall, Principal

On Wednesday, June 10th and Thursday, June 11th Einstein 8th graders were celebrated by staff as families drove through campus to retrieve items such as PE clothes, yearbooks, and certificates, while returning textbooks, library books, instruments and uniforms. Students and families were cheered as they drove through a beautifully decorated campus with balloons and signs displaying words of encouragement for promoting students. Following COVID-19 safety protocols, students and parents remained in their cars throughout, however, they were able to step out of their car, one at a time to take a photo as they received their promotion certificate.

This was an amazing culminating event for Einstein 8th grade students which marked what has been an incredibly unusual school year to say the least. In addition, a promotion video was created to honor our 8th grade students! To view this video, please visit einstein.scusd.edu.

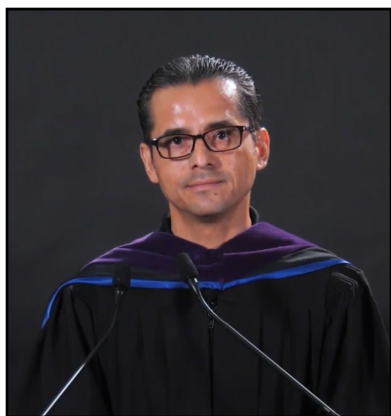

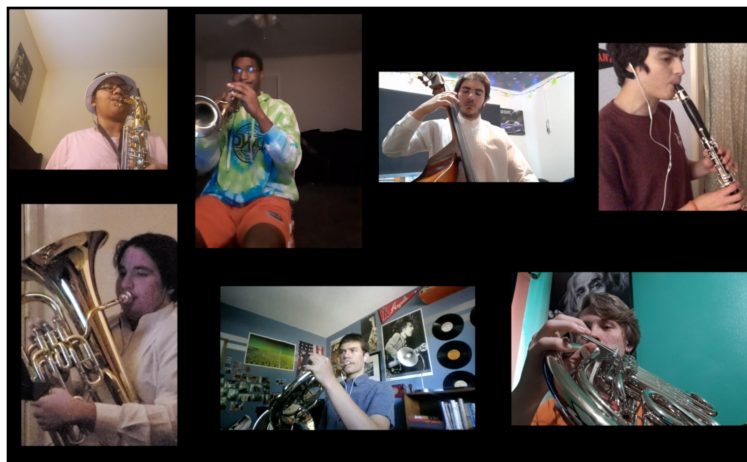

Rosemont High School Celebrates Graduates By Elizabeth Vigil, Principal

In spite of the virtual platform, students and families enjoyed a truly remarkable 2020 graduation ceremony that reflected many of the Rosemont traditions and celebrated the unique character of this special class. Via Zoom, students welcomed the school community in a variety of languages. Mr. Neff's musicians played Pomp and Circumstance, and Senior Alvina Godinez sang the National Anthem. Superintendent Jorge Aguilar and Board Trustee Christina Pritchett delivered moving speeches, praising our seniors for their resolve through a very unexpected and difficult time and urging them to see all challenges as opportunities for growth and positive change. Interspersed throughout the presentation of the graduates were student speeches and senior awards. To conclude the ceremony, a number of Rosemont staff came together for an emotional musical "goodbye." The ceremony was a moving tribute to the accomplishments of our students, something we hope they and their families will treasure forever. Our graduates are moving on to community colleges and four-year colleges and universities around the nation, committing to military service, and entering apprenticeships programs in the trades. Some are going directly into the workforce. Whatever path they have chosen, we are extremely proud of their accomplishments and wish them well with the next chapter!

As we look to the start of 20-21, we will prioritize safety for students and staff, which means strict adherence to all safety protocols and new ways of thinking about everything we do on a daily basis! Once we understand the plan for a transition back to school, we will communicate with all of our families.

Enjoy the summer, everyone! Go Big Blue!

Supporting Students and Families with Enrichment Materials

By David W. Gordon, Sacramento County Superintendent of Schools

As we begin the new school year, many families in our community will need additional educational resources to support their children at home. The Sacramento County Office of Education (SCOE) is committed to helping our families and our young people by making sure students have positive activities, and that parents have informational materials to help them better work with their children.

SCOE maintains an educational video catalog, designed to provide students, families, and school districts with supplemental enrichment materials to support learning as we continue to deal with the impact of COVID-19.

We have collaborated with the Sacramento Educational Cable Consortium (SECC) to support at-home learning by producing video lessons and supplemental materials for the SCOE website (www.scoe.net), the SECC website (www.seccvtv.org), and SECC's educational cable channels on Comcast, Consolidated, and U-Verse. Our curriculum experts deliver the video lessons and supplemental materials, which cover a wide range of topics from virtual field trips to our outdoor science education program at Sly Park to managing anxiety and emotional well-being. We continue adding content regularly.

These supplemental materials are valuable because they give families an opportunity to approach education topics in new ways, possibly different from what students might already have been learning in the classroom. They also give parents the opportunity to address topics that might not have been presented in the classroom. We hope some of these activities will fill in the gaps and put parents in a position to enhance the education of their children.

Sacramento County Probation

By Lynsey Semon, Assistant Chief Deputy, Sacramento Probation Department

Probation has made significant operational changes in response to the COVID-19 pandemic. We adopted new social distancing procedures focused on providing clients with effective services while protecting community safety. We sadly report the temporary closure of our Community Outreach Unit and we hope to be back in the community soon. Probation will continue to adapt as new information becomes available and we encourage everyone to continue doing your part to prevent the spread of COVID-19.

Congratulations to the graduating Class of 2020! Best wishes for the next part of your journey.

"Food for Thought" has Double Meaning

By Lorena Carrillo, Principal

Keeping kids well-nourished continues to be a priority for Sacramento City Unified School District (SCUSD). According to the Nutrition Services Department, the District is nearing its "two millionth meal served" since school closures began on March 16 due to the coronavirus pandemic. Thirty-one school sites have been giving away free breakfasts and lunches for children age 18 and under, including Bancroft Elementary. Since we started to serve breakfast and lunches, Bancroft Nutrition staff has prepared and served an average of 130 meals per day.

Beginning Monday, June 15, the following school sites will continue to offer one breakfast/lunch per child/per day (while daily supplies last), from 8:00-10:30 a.m., Monday-Thursday:

Elementary – Elder Creek, Ethel I. Baker, James Marshall, John Still, Matsuyama, Oak Ridge, Pacific and Parkway.

Middle and High Schools – Health Professions, Rosa Parks, Rosemont, and West Campus.

Whether students are participating in distance learning or are in the regular classroom, staying well-fed and healthy is critical to their success. There are no forms to complete to receive these meals; participants only need to be 18 or younger. Please check with the site closest to you for any procedures they may have in place. The District hopes everyone has a healthy, safe summer.

Our Path for Reopening Sac City Unified Schools

By Tara Gallegos, Chief Communications Officer, SCUSD

On June 11 Sacramento City Unified wrapped up a school year that was like no other. Mid-semester we shifted to distance learning while our community complied with shelter in place orders to slow the spread of COVID-19. We mobilized quickly to continue meeting our students' academic, social and emotional needs: distributing millions of meals, tens of thousands of computers, and internet access for families. We celebrated the class of 2020 with virtual graduation ceremonies.

We remain concerned about learning loss – and ask returning students to keep district-issued computers to access district resources and support. We will also continue to provide meals for students this summer at 13 school sites.

We look forward to our students return on September 3 and are planning now for reopening. While we face some uncertainty, we know it will be different from when our schools abruptly closed. We will use state and county guidelines released in the last few weeks.

We're designing our district's plan using these guidelines, as well as research, surveys and community feedback. We will continually engage with stakeholders for input before and after drafting our final plan. As circumstances evolve, we will remain nimble and adjust as needed to best protect the safety, and academic, social and emotional needs of our students and community. When school resumes, our schools must also be prepared to recognize and address the stress caused by weeks in isolation, and collective trauma. Our schools must not only be safe, but be emotionally safe spaces for everyone.

Areas for planning

Academics
Attendance and Engagement
Culture and Climate
Nutrition Services
Public Health

Phased Planning Process

1

Research | Survey | Data Collection

Use guidance from the CA Department of Education, Sacramento County Office of Education, Sacramento County Public Health, and CA Department of Public Health. Conduct outreach and survey of community members, students, families, staff.

2

Draft Recommendations

We will use the guidelines and community feedback to create a draft recommendation for reopening. We will share this information with our community to seek feedback and discuss any negotiable effects with our labor partners.

3

Final Recommendation

Sac City Unified will present its final plan to the community and its labor partners.

Community College Learning Continues

By Tami Nelson, Los Rios Trustee District Trustee

Summer session has begun! Classes started June 8th, and students have the opportunity to choose their schedule preference. We have four week class sessions ending July 2nd, as well as classes that start later in the summer (July 6th-July 31st). Los Rios Community College District is also offering six and eight week classes, with various start dates throughout the summer. This offers students the flexibility to work around jobs or vacations, as well as to accommodate students who may realize later on that they want to take on a class.

All summer learning is happening online! Be sure to register ASAP for summer, as many classes are getting full or have waitlists. Fall enrollment began a week ago, so if you know you will be attending community college, make sure to head to our website www.losrios.edu to register.

With the cost of college going up and many colleges moving to remote operations, it is a great time to pursue your academic dreams at your local community college. California Community Colleges are an affordable way to earn a degree or certificate, and to save money before transferring to a four-year university. The vast majority of our students qualify for free tuition through the Los Rios Promise, which combines local and state money to eliminate financial barriers for students. Many students qualify for additional financial support as well, such as federal financial aid and scholarships. Now is a great time to check out the Los Rios Community College District!

Distance Learning and Graduation

By Tami Nelson, Los Rios Community College District Trustee

Los Rios Community College was one of the first schools to suspend face-to-face classes, beginning March 13th. The district swiftly moved to 100% remote operations including moving all classes and student services online. This was a historic decision for us and one that wasn't taken lightly. Across the district, we made sure we were continuing the most critical services that our students need. Our colleges used all available resources to provide computers for students who have limited access to technology. We also continued to provide important on-campus food distribution opportunities. Lastly, we refunded students for parking permits and health center fees.

Unfortunately, we were not able to have our in-person commencement (graduation) ceremonies. In lieu of this, the colleges mailed each and every graduating student an official commencement program, a letter from the college president, and an official Class of 2020 tassel. Additionally, all graduates will be invited to participate during the Spring 2021 in-person commencement ceremony.

We also created a number of opportunities for graduates to tell their personal stories and share their experiences with their classmates and loved ones on the college's official social media channels. The colleges put together a video for their students as well. While we are sad we could not celebrate in person with everyone, we want to congratulate our students on their hard work and accomplishments, even during this uncertain time. Way to go, grads!

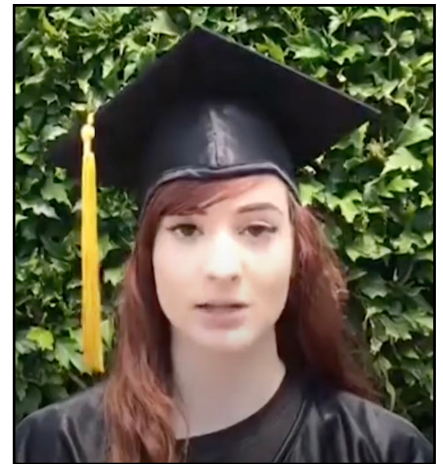

Graduation, School Opening Guidance, Health Resources

By Bina Lefkowitz, Sacramento County Board of Education, Trustee 1

A bright spot uplifted spirits with the recent virtual Court and Community School Graduation of 55 SCOE students! To view the event please visit <https://www.youtube.com/watch?v=u61e-VxenyE&feature=youtu.be>.

SCOE published guidance for school districts on reopening schools. Please go to the SCOE web site to access the document. It addresses health and safety concerns, learning options, the need for protocols to address students' social and emotional needs, and encouragement for districts to provide enrichment activities for students. Each district will adopt their own policies and procedures based on what will work for their community, hopefully drawing on the SCOE guidance document that was developed in collaboration with all 13 school districts. SCUSD also announced the creation of an on line calming room packed full of resources and tools to help with anxiety, uncertainty like exercise, mediation, arts and music, yoga, games, funny videos and resources.

Please remember you are not alone during this time. Reach out and talk to someone; it's OK to not feel OK. The Source offers 24/7 crisis intervention services for youth and caregivers. Call or text 916-SUPPORT. Another great county resource is the Youth Help Network that provides crisis, coping, and resources for youth. Call (833) 333-2YHN (2946) or text (916) 860-9819. Wellspace provides suicide prevention services 24/7 at 916-368-3111.

Hornet Commons Student Housing Project Update

By Dixie Reid

A year ago, Sacramento State and the University's partners broke ground on the Hornet Commons student-housing project. The \$164 million apartment complex for upper-level students is being built on the former site of the Dan McAuliffe Memorial Ballparks, on the southeast side of campus. Despite the COVID-19 pandemic, the project is still on schedule to open before the start of the Fall 2021 semester.

When completed, Hornet Commons will house more than 1,100 students. Students will live in 284 apartments, across six four-story buildings surrounding a swimming pool. The project will also include a common building, which will contain a cafe, fitness center, and community room. Sacramento State juniors, seniors, and graduate students can choose from 212 four-bedroom and 60 two-bedroom units (all with four beds per unit), and 12 one-bed studio apartments.

As part of the project, the McAuliffe baseball complex has been relocated to city-owned land at Army Depot Park.

Summer at the Parkway, Public Health Reminder

From the Desk of Supervisor Susan Peters

Use a Life Vest

Visiting the American River Parkway is a traditional way to cool off during the summer but remember Life Looks Good on You and so does a life vest -- Drowning doesn't.

Putting a life vest on before going into the river is the smart and safe thing to do. And it's the law for children under 13 to wear a life vest because kids don't float.

If you don't have one, there are several life vest borrowing stations for kids on the American River Parkway including both the Howe Avenue and Watt Avenue river access points. For more information, please visit regionalparks.saccounty.net.

Public Health Reminder

As more people engage in activities formerly restricted due to COVID-19, Sacramento County's Public Health Office reminds everyone the best defense against the virus continues to be:

- Staying at home and physical distancing
- Washing hands frequently
- Avoiding touching eyes, nose and mouth with unwashed hands
- Avoiding being around people with COVID-19 symptoms

Using cloth face coverings whenever social distancing cannot be maintained indoors or outdoors is also advisable. These do not have to be medical grade respirators and surgical masks. A simple cloth face covering should cover the nose, mouth and chin, and be made of soft or permeable material, without holes or one-way valve that allows respiratory droplet release.

For questions about the Public Health Order, call the Public Health hotline at 916-875-2400.

Susan Peters represents the Third District on the Sacramento County Board of Supervisors. She can be reached at susanpeters@saccounty.net.

2020 Sac State Graduates Hit their Finish Line Despite Hardships By Dixie Reid

Graduation for Sacramento State's Class of 2020 was unlike anything in the University's 73-year history. Students who had completed their degrees and returned to carry on the tradition of taking cap-and-gown photos found a nearly empty campus, because of the COVID-19 pandemic that so changed their final semester.

Along with disrupting their education, the pandemic upended students' lives, leaving many feeling overwhelmed, confused, anxious, and disappointed that their time at Sac State did not end as they had dreamed.

Commencement ceremonies at Golden 1 Center for 9,778 graduating seniors — the largest class in Sac State's history — were postponed until May 2021 because of COVID-19. The University made the decision in mid-March to move to online learning, leaving this year's graduates little time to say goodbye in person to their professors, campus administrators and staff, and friends.

Sac State honored the 2020 graduates with a virtual celebration June 6 to commemorate their accomplishments until everyone can reunite at Golden 1 Center next year. University President Robert S. Nelsen, understanding those feelings, praised Sac State's graduates for their toughness of character.

"It's the most resilient class I've ever seen in my entire life. Everything was thrown at them, and they didn't let it stop them. Instead, they persevered and succeeded," Nelsen said. "They came here because they wanted to be on campus, to be with the faculty and to have a face-to-face experience, and they wanted an education. They didn't let COVID-19 stop them from getting that education."

Graduate Siena Maen. Photography: Jameel Pugh, Bowtie Pixs

Real Estate Update

By Linda Wood, Broker-Associate, Dunnigan, Realtors

Congratulations to the Class of 2020! You are celebrating this milestone in an unprecedented manner. Many of your hopes and dreams for this year could not happen due to Covid-19. New plans and ways of celebrating became reality. There were drive-through and virtual graduations with amazing speakers and entertainers. Lawn signs decorated the neighborhood letting us know to celebrate our neighbors and their accomplishments. It was amazing to see how you adapted and found creative ways to celebrate. I commend you for your resiliency and wish you success as you navigate your future.

Each year the Sacramento Association of Realtors awards scholarships to qualifying students in our region. This year we had 61 applicants with 57 outstanding students receiving scholarships totaling in excess of \$48,000.00. Members of the Sacramento Association of Realtors are passionate about this program and work hard throughout the year to raise money to support this at a high level. I encourage any of you that will be in the graduating class of 2021 to remember the S.A.R. when you apply for scholarships in 2021.

Real Estate continues to thrive. Sales remain strong. Inventory is in short supply and interest rates remain low. Real Estate agents have adapted to follow the required protocols and guidelines while carrying out the business of real estate.

Home ownership remains an important part of the American Dream. Home has become even more important as we work and learn from home.

Please remain vigilant, safe and healthy this summer!

Power Inn Alliance News

By Steve Blanton

The Power Inn area sustained minimal damage during the recent civil unrest. The Power Inn Alliance (PIA) been raising its voice in support for those in other areas of Sacramento that experienced loss and damage of property. We are partnering with a dynamic group made of other Business Improvement Districts and Chambers to secure financial as well as emotional support for impacted small businesses.

Working in conjunction with Inclusive Economic Development Committee (IEDC), the PIA has identified businesses that have been shuttered or experienced a decrease in business due to the impacts of Covid-19.

We are continuing to work with the City and Police on cleaning up the College Greens Shopping Center. This retail hub is as important to us as it is for our neighbors. Thank you to Raleys for adding extra Police security to protect their customers.

The SPCA is making improvements to an existing building, plus adding new indoor/outdoor canine runs.

Our office is distributing medical PPE masks to small and medium businesses within or near the Alliance district. Contact Dawn Carlson at dawn@powerinn.org for more information.

Did you celebrate May is Bike Month? If so, we have t-shirts available at our office! You can also contact Dawn for your gear.

Staying Active

During the COVID-19 public health emergency and stay at home orders, the residents of College Greens and Glenbrook have been making good use of our public spaces, taking in some fresh air and engaging in socially distant activities with their family. All public schools have their green spaces closed yet most City parks are open for enjoyment provided visitors practice social distancing. The City encourages recreational use of green spaces and reminds everyone to stay safe: practice social distance, minimum of 6 feet, avoid gatherings of more than 10 individuals and always wear your mask when visiting with others.

Neighbors Continue to Help with School Maintenance

COVID-19 halted school across the nation. Students, faculty, and staff were abruptly sent home. In the case of the Sacramento City Unified School District the doors were closed to all except the plant managers for each facility. Initially, the maintenance staff for the City Unified School District stopped working though the grass and weeds continued to grow. Once it was reported that the front lawns of both Thomas Jefferson and Bancroft were being cut by neighbors the District restored regular maintenance service for both school yards. However, both facilities have student gardens that are not maintained by the district. In the case of the Bancroft garden, neighbors have been pitching in to maintain the space. Betty and Joan would like others to know that they are always welcome to join them in caring for the garden.

Not Too Late to Register for the Sacramento SPCA Doggy Dash

Online registration is still available for the 2020 virtual Doggy Dash. This is an opportunity for you and your four-legged pal to join others in the community walking in support of the Sacramento SPCA's Doggy Dash in our neighborhood on Saturday, June 27th. All proceeds go to the Sacramento SPCA.

For more information on the day's virtual activities and to register, visit <https://www.sspca.org/dash>.

Join the Virtual Doggie Dash on June 27, 2020!

Residential Burglaries...Summer Heat and Delta Breezes

By Ron Alvarado

With a taste of summer's simmering heat hitting us in May, we should all be reminded that with the summer, open windows and unlocked patio doors, comes an easy invite to a residential burglar. Let's not make it easy to be targets for burglaries as summer comes upon us. In those nice evenings when the cooling Delta breezes come through and we open our houses to let the fresh air in, remember to close and lock up before bedtime.

Let's also remember to roll up the windows and lock the doors of vehicles left outside of our garages. Vehicle theft and burglaries from cars parked in driveways and on the street in our neighborhoods are always amongst the highest reported crimes.

Reported Crime	May 1 – August 31, 2019	May 1 – May 31 2020
Burglaries from residence	22	4
Theft	42	10
Burglaries from motor vehicles	47	8
Motor vehicle theft	34	8

CGNA/Bancroft Dumpster Now Accepting Only Cardboard, Cans, Plastic Bottles

Recycling of loose paper has declined in value and when mixed with cardboard can dilute the value of the cardboard by as much as 25%. It is not so much the loose paper, but the other items that tend to come in with loose paper such as soiled drink cups, food wrappers, and other unacceptable items for the dumpster. By moving to collecting only cardboard, CRV aluminum cans, and CRV plastic bottles we can increase the value of this recycling effort.

Staying at Home Prompts Spring Cleaning

The stay-at-home mandate has resulted in extra time to do all of those household projects that had been shelved for another day. Residents have been cleaning their closets, garages, and yards. This has resulted in collections of items that needed to be disposed of. The City's loose-in-the street pickup for green waste has ended and will not return until November. However, residents may still have a green waste pick-up under the Household Junk Pickup program. The City of Sacramento solid waste/recycling customers have two free household junk pickups a year per household during the non-leaf season or until November 1, 2020. In addition, customers may request one free dump coupon for self-haul of debris to the Sacramento Recycling and Transfer Station per calendar year. Acceptable bulky items include yard waste, furniture, mattresses, carpet, toys, and four un-mounted tires. The City will collect up to 5 cubic yards of material (4'x4'x9') per appointment. An extra charge may apply if your load is in excess of 5 cubic yards. Beware

that piles placed out more than 24 hours before an appointment or without an appointment will be considered illegal dumping and fines may be issued.

Appliances, TV's, computers, and other e-waste are not acceptable within the Household Junk program. For these items, you may request two curbside pick-ups.

A full list of services available and guidelines for the various programs can be found at www.sacrecycle.org. To request an appointment, customers may call 311, make an online request at www.sac311.org, or use the Sac 311 App with your iPhone or Android. The dump coupons and the appliance/e-waste programs operate year-round.

Guide to the Candidates - November 3, 2020

Editor's note: Each candidate was invited to provide an individual photo and statement for inclusion in this CGNA publication. The order in which candidates are listed was determined by a random draw.

Candidates for Sacramento County Supervisor, District 3

Rich Desmond

I recently retired from the California Highway Patrol, I'm a registered independent, and I believe local government should be nonpartisan. We need proven, thoughtful, and experienced leadership to protect us from Covid-19 challenges, get us back to work, reduce homelessness, and

build trust in Black communities.

My first priority is keeping people safe from the Coronavirus and restoring our economy. We need to make sure the most vulnerable among us get the help they need. As we reopen, I'll make sure it is possible for small businesses to hire people and get everyone back to work. In the CHP, I took a leadership role in emergency management and served as the liaison to the Governor's Office of Emergency Services. With my experience I will seek to keep our community prepared for any emergency.

My second priority is compassionately reducing the number of homeless in our region while keeping our community safe. Many people experiencing homelessness suffer from mental illness, addiction, or disabilities. We must target resources for treatment and create a path towards permanent housing. I'll make sure there is a safe bed for everyone.

Finally, I will work to build trust between police and African American communities. As the CHP's legislative director, I had the privilege of working with leaders in the Black community, elected officials, law enforcement, and labor organizations on reforms related to use of force, mental illness, transparency, and accountability. I will build on these experiences to improve law enforcement practices in Sacramento while creating a culture of empathy and understanding.

Gregg Fishman

We need change at the County Board of Supervisors, change that will fix homelessness, bring more housing, expand our COVID response, and finally put a stop to unacceptable, negligent behavior at the Sheriff's Department that has resulted in tens of millions of your taxpayer dollars going for sexual

harassment, discrimination and wrongful death lawsuits.

I will lead the county toward that change.

My resume reflects leading for change. Support for my campaign reflects that I'll serve the people, not the powerful. At SMUD, where voters elected me to lead, our rates are 35 percent lower than PG&E's. We're growing high-wage green jobs, setting aggressive climate change goals, and delivering nationally recognized customer service.

My support comes largely from outside the halls of power: community groups, working families, progressive leaders, and individuals who want change.

I will bring people together to address social unrest in the wake of extreme examples of police brutality. I will ensure our Sheriff's Department delivers true public safety to everybody. We must rebuild our economy, build homes and create solutions for homelessness, fix potholes, and address health care and mental health issues.

My opponent is the handpicked successor of the insiders who like the system the way it is and are indifferent to the problems we face. I will bring change, he will be more of the unacceptable same.

I love our community and I am dedicated to changing county government so it represents everybody and solves our biggest issues fairly. Please stay safe.

McClaskey Adult Center Classes On Hold Due to COVID-19

Free Friday Morning -Watercolor Mini-Workshop

As in the past Free Friday classes continue provided the outside conditions are safe along the American River. In the past that meant as soon as the water level at the river goes down to a safe level. Unfortunately, today that means when the government and the medical advisors tell us we no longer have to fear the coronavirus. Woody has confirmed that he is committed to resuming his Free Friday Watercolor classes at the American River as soon as it is safe to do so. The time will be the same 9:00 am – 11:00 am. As always, Woody welcomes all levels of students, including observers, beginners, intermediate, and advanced. Woody does ask that an adult accompany students under the age of 18. There is no registration fee: just show up at the right time. Because of the uncertainty of the start time Woody suggests that you check in with him via e-mail check on the re-start date. In the meantime, Woody continues to offer watercolor classes in his home-studio via distant learning. For information you may e-mail Woody at watercolors@woodyhansen.com.

Woody is currently displaying a painting each day outside his home to help us get through the COVID-19 pandemic. As you take your daily, socially responsible walks through the neighborhood and past Thomas Jefferson School, be sure to stop and enjoy Woody's paintings.

Uechi - Ryu Karate

The Uechi Ryu class at the McClaskey Adult Center—Thomas Jefferson Branch suspended classes on March 12, 2020 in response to the current public health crisis. While the class is not holding group sessions, members still have access to training.

Henry Carino, who leads the children's classes, has been holding Zoom classes on Monday, Wednesday and Friday at 6:30 pm. The class is open to both children and adults. For information, email Carino Sensei at hrcarino@yahoo.com.

The class also has access to videos being posted on YouTube. As the current time the videos cover elements of the katas San Chin and Kanshiwa. To access the class videos go to:

<https://youtu.be/2bVOsA2CX7c>

For additional information about the class, contact Robert Van Der Volgen Jr. at vandervolgenjr@yahoo.com, or call him at 801-9735.

Music & Movement for Toddlers & Pre-Schoolers with Lisa Phenix

This class like the others is temporarily on hold and will remain that way until it is safe to resume. When instruction resumes you may want to join this class as a means of stimulating your child's development on every level, promote self-esteem, increase coordination, nurture your child's self-expression, and bring out the song in your child, with Lisa Phenix and her music and movement class. With egg shakers, bells and drums in hand, your child becomes part of the back-up band as we explore nature, gravity, and the seasons.

This is a parent/grandparent participation class scheduled for Thursdays at 9:15 am. The cost is five sessions for \$25. For information and start date e-mail Lisa at lisap@winfirst.com or call 719-6106.
